america's healthiest buys 2008

The best food products out there.

food awards.

We all want to choose the healthiest stuff, but with 30,000 different products in your typical grocery store, there's no way to scan all those labels and taste everything too. No worries: Our experts did it for you.

best chips.

popchips original potato chips.

These totally natural, preservative-free chips are the ideal treat for salty snackers. The chips are popped instead of fried and seasoned with a bit of sea salt for a great clean flavor. Each single serving bag has just 120 calories and 4.5 grams of fat (no saturated or trans).
